

## CHAPTER THREE: BUILD THE GREATEST ECONOMY IN HISTORY

Our Commitment: American Workers are the most productive, talented, and innovative on Earth. The only thing holding them back is the suffocating policies of the Democrat Party.

Our America First Economic Agenda rests on five pillars: Slashing Regulations, cutting Taxes, securing Fair Trade Deals, ensuring Reliable and Abundant Low Cost Energy, and championing Innovation.

Together, we will restore Economic Prosperity and Opportunity for all Americans.

### 1. Cut Regulations

Republicans will slash Regulations that stifle Jobs, Freedom, Innovation and make everything more expensive. We will implement Transparency and Common Sense in rulemaking.

### 2. Make Trump Tax Cuts Permanent and No Tax on Tips

Republicans will make permanent the provisions of the Trump Tax Cuts and Jobs Act that doubled the standard deduction, expanded the Child Tax Credit, and spurred Economic Growth for all Americans. We will eliminate Taxes on Tips for millions of Restaurant and Hospitality Workers, and pursue additional Tax Cuts.

### 3. Fair and Reciprocal Trade Deals

Republicans will continue forging an America First Trade Policy as set forth in Chapter 5, standing up to Countries that cheat and prioritizing American Producers over Foreign Outsourcers. We will bring our critical Supply Chains back home. President Trump turned American Trade Policy around, protecting U.S. Producers, and renegotiating failed agreements.

### 4. Reliable and Abundant Low Cost Energy

Republicans will increase Energy Production across the board, streamline permitting, and end market-distorting restrictions on Oil, Natural Gas, and Coal. The Republican Party will once again make America Energy Independent, and then Energy Dominant, lowering Energy prices even below the record lows achieved during President Trump's first term.

### 5. Champion Innovation

Republicans will pave the way for future Economic Greatness by leading the World in Emerging Industries.

#### Crypto

Republicans will end Democrats' unlawful and unAmerican Crypto crackdown and oppose the creation of a Central Bank Digital Currency. We will defend the right to mine Bitcoin, and ensure every American has the right to self-custody of their Digital Assets, and transact free from Government Surveillance and Control.

## Artificial Intelligence (AI)

We will repeal Joe Biden's dangerous Executive Order that hinders AI Innovation, and imposes Radical Leftwing ideas on the development of this technology. In its place, Republicans support AI Development rooted in Free Speech and Human Flourishing.

## Expanding Freedom, Prosperity and Safety in Space

Under Republican Leadership, the United States will create a robust Manufacturing Industry in Near Earth Orbit, send American Astronauts back to the Moon, and onward to Mars, and enhance partnerships with the rapidly expanding

Commercial Space sector to revolutionize our ability to access, live in, and develop assets in Space.
